3. Items Nos. 1 to 5 in Schedule VIII shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

A Bill for taxation of motor vehicles was introduced into the Bengal Legislative Council in 1926 but was not proceeded with beyond the Select Committee stage as the Select Committee advised reference to an Expert Committee. An Expert Committee was appointed and reported in 1928 but in view of the appointment by the Government of the Indian Road Development Committee further action was delayed pending the report of this Committee and the orders of the Government of India thereon.

2. Paragraph 81 of the report of this Committee draws attention to the taxation of motor vehicles as a further means of increasing the funds available for the improvement of the roads, and this proposal has received a good deal of spontaneous support from local bodies in Bengal. Legislation of this kind has recently been carried in the Punjab and in Bihar and Orissa.

3. The present Bill which follows closely the lines of that passed in Bihar and Orissa provides for the taxation of motor vehicles for expenditure on roads of the proceeds of this taxation. The basis of taxation adopted is, as in Bihar and Orissa, seating capacity for passenger vehicles and weight capacity for commercial vehicles, the tax being assessed at a higher rate on vehicles carrying passengers for hire than on private vehicles ; and at a higher rate on vehicles not fitted with pneumatic tyres than on corresponding vehicles fitted with pneumatic tyres. The proceeds of the tax will be credited to Government and be devoted to expenditure on the roads through grants to local bodies and otherwise. The Bill supersedes the existing powers of the Calcutta Corporation to tax motor vehicles under sections 165 and 184 read with section 3 (*13*) and (*14*) and Schedule VIII of the Calcutta Municipal Act, 1923, and in return provides for the payment by the Local Government to the Calcutta Corporation of an annual sum of Rs. 4,00,000 based on the receipts of taxation of motor vehicles by the Calcutta Corporation during the year 1929-30, a first charge on the receipts from taxation under the Bill. The usual powers are taken to deal by rules with the machinery of the tax.

Member-in-charge.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 20th May 1931.

Summary.—During the week light to moderate rainfall was almost general throughout the Presidency. It is facilitating the sowings of jute and paddy except in parts of some East Bengal districts where waterlogging is affecting the operations in the low land tracts. Condition and prospects of standing crops are reported to be generally fair. Distress continues to prevail in parts of Nadia, Bogra and Pabna. In the former two districts distribution of agricultural loans continues and in the latter 5,082 persons attended the test relief works during the week ending on the 16th May 1931. The average price of common rice for the Province has remained almost stationary as compared with that of the previous week.

Resolution on the report on the work connected with the Bengal Children Act, 1922, the Calcutta Suppression of Immoral Traffic Act, 1923, the Reformatory Schools Act, 1897, and the Bengal Borstal Schools Act, 1928.

EDUCATION DEPARTMENT.

DARJEELING, THE 19TH MAY 1931.

RESOLUTION—No. 298 T.Edn.,

Read—

The following report on work connected with the Bengal Children Act, 1922, the Calcutta Suppression of Immoral Traffic Act, 1923, the Reformatory Schools Act, 1897, and the Bengal Borstal Schools Act, 1928.

The Governor in Council desires to place on record his high appreciation of the public service rendered by various non-official bodies referred to in the report. They have undertaken heavy responsibilities in connection with the working of these Acts, and it is earnestly hoped that their pioneer work will lead to that greatly increased public support without which no adequate solution can be reached of the problems with which the Acts were designed to deal.

Order.—Ordered that copies of the resolution be forwarded to the Director of Public Instruction, Bengal, the Commissioner of Police, Calcutta, the Inspector-General of Prisons, Bengal, and the Inspector-General of Police, Bengal, for information.

Ordered also that the resolution, together with the report, be published in the *Calcutta Gazette.*

By order of the Governor-in-Council,

A. J. DASH,

Secy. to the Govt. of Bengal.

The Education Department of the Government of Bengal deals with the following matters among others:—

For youthful girl offenders Government have no institution, but are ready to pay capitation grants to approved institutions privately managed.

(*b*) **Provision of institutions for Suitable Custody Cases.**—This is considered to be an obligation to be met by non-Government agencies, Government only accepting the responsibility of making grants-in-aid in the form of capitation grants.

(*c*) **After-care of Adolescents, Juveniles and Youthful Offenders.**—Government make grants-in-aid to a private association.

Agencies.

3. (*a*) **Reformatory and Industrial Schools.**—A combined Reformatory and Industrial School has been established at Alipore by Government, and the control of this school was transferred from the Jails Department to the Education Department with effect from the 1st April 1928. The annual cost to Government of this school is approximately Rs. 50,000 and its capacity is 350 boys.

(*b*) **The Salvation Army Women's Industrial Home at Entally** has been declared by Government (under section 6 (2) of the Bengal Children Act) to be a fit place for the reception of youthful girl offenders convicted under the Act and is eligible to receive a capitation grant of Rs. 10 for each girl. No youthful girl offenders were, however, sent to this home during the years 1929 and 1930. The capacity of this home is 60 girls.

Places of suitable custody under clause 28 (1) of the Bengal Children Act, considered eligible for grants in aid from the Department.

(*a*) **Govinda Kumar Home for Girls, Panihati.**—This home is intended for Indian girls dealt with under the Calcutta Suppression of Immoral Traffic Act as well as under the Bengal Children Act. It has a capacity for 95 girls, costs approximately Rs. 18,615 per annum and received Rs. 7,425 during 1929-30 and Rs. 8,414 during 1930-31, as grants-in-aid from Government. (2) That the committee of the home meets at least once a quarter and forwards copies of the minutes of every meeting within seven days of such meeting.

(3) That every change in the personnel of the committee will be subject to approval.

(4) That the home provides facilities for education or domestic training.

(5) That it is kept in a satisfactory sanitary condition.

(6) That the instructional staff and establishment is sufficient.

(7) That it has enough public support to satisfy Government that it will be kept up and be permanent.

(*b*) **Salvation Army Women's Industrial Home for Girls, Entally.**—The home is intended for Indian girls dealt with under the Immoral Traffic Act as well as under the Children Act.

It has a capacity of 60 girls, costs approximately Rs. 10,536 per annum, and received Rs. 1,249 and Rs. 2,145 on account of capitation grants from Government in 1929-30 and 1930-31, respectively. It also receives Rs. 1,500 as maintenance grant annually from Government. Grants-in-aid are paid on the conditions mentioned above.

(*c*) **Calcutta Protestant Home for Girls.**—No girls were sent here for suitable custody under either Act during the years 1929 and 1930. The home received a grant of Rs. 360 in 1929-30 and Rs. 240 in 1930-31 from Government (on account of girls sent to it in a previous year) under the conditions mentioned under (*a*) above.

Society for the Protection of Children in India.—The Society helps children taken under its protection (1) by arranging for guardianship; (2) by placing in suitable schools; (3) by help with clothing; (4) by advice; and (5) by useful relief. It is also the intention of the Society to start a hostel as a clearing house for children, which would also be treated as a place of suitable custody under the Act.

The Society receives a grant-in-aid from Government of Rs. 2,000 per annum, which was originally sanctioned by way of supplementing its income.

The total annual expenditure of the society is at present about Rs. 30,000.

Bengal After-care Association.—The object of the Bengal After-care Association is to find employment for those released from the Borstal and Reformatory Schools, to keep in touch with them to see that they do not revert to their old ways, and to maintain a hostel for them from the date of their release until such time as they may become self-supporting.

The Association receives a grant of Rs. 3,000 per annum from Government for the above purpose.

Its total annual expenditure is at present Rs. 4,548.

Control by Government.

4. **Reformatory and Industrial Schools, Alipore.**—Two officers of the department were deputed to consider what reorganisation is necessary and reported in May 1929.

The Director of Public Instruction's proposals on the report are still under consideration of Government and orders have been passed on certain of them. Rules defining the powers and responsibilities of the Managing Committee have been published and the following inspecting officers appointed under section 8 (*1*) of the Act.

(*i*) The Director of Public Instruction, Bengal.—The Chief Inspector of Reformatory and Industrial Schools.

(*ii*) Mr. A. Macdonald, Principal, Bengal Engineering College, Sibpur—Assistant Inspector of Reformatory and Industrial Schools.

(*iii*) Mr. J. M. Sen, Second Inspector of Schools, Presidency Division—Assistant Inspector of Reformatory and Industrial Schools.

Places of suitable custody.—Rules are in force under section 48 (*2*) (*n*) of the Bengal Children Act and section 13 (*b*) of the Calcutta Suppression of Immoral Traffic Act regulating the care, treatment, instruction and maintenance of girls placed in suitable custody. These are adequate and work satisfactorily.

Two ladies have been appointed to inspect places of suitable custody recognised by Government as eligible for grants.

During the year 1929, Government decided to call for annual reports from the Director of Public Instruction and the Commissioner of Police on institutions working under these Acts and the summary below is based on these reports.

Administration during 1929 and 1930.

5. The number of children received from Courts during the years under report is as follows:—

	1929.	1930.
Reformatory School	63	51
Industrial School	9	5
Salvation Army Home	10	14
Gobinda Kumar Home	23	16
Society for Protection of Children in India ..	..	1

Reformatory and Industrial Schools, (for boys) Alipore.—As stated above, the capacity of the combined Reformatory and Industrial Schools is 350 boys.

On the 31st December 1929 and 1930, the number of boys in the Reformatory School was 193 and 207 against 147 and 94 of the corresponding date in 1928 and 1927, respectively. The number of boys in the Industrial School in 1929 and 1930 was 28 and 38, respectively, against 16 in 1928 and 6 in 1927. The average increase in the number of childern in both the institutions taken together was about 5 per month during the last two years, and 5·6 during 1930. Fifty seven boys of the Reformatory School and 5 boys of the Industrial School in 1929 were not first offenders, but had previous convictions.

All the pupils in both the institutions in 1929 were Indians except one Chinese Buddhist and two Anglo-Indians. Of the Indians 115 were Hindus, 91 Muhammadans and 12 Christians. The same was the case during 1930, except that instead of a Chinese Buddhist there was a Ceylonese Buddhist in that year. The number of Anglo-Indians remained the same. Of the Indians 133 were Hindus, 97 Muhammadans and 12 Christians.

The number of Hindi and Urdu speaking boys increased from 98 to 144 in 1929 and was 166 in 1930, and the number of Bengali speaking boys increased from 64 to 75 in 1929 and was 77 in 1930. Classification according to domicile shows that of the total number of inmates in 1929, 63 were Bengalis, 69 non-Bengalis domiciled in Bengal and 89 boys of other provinces. During the year 1930, the number of Bengalis, non-Bengalis domiciled in Bengal and boys from other provinces was 58,108 and 79, respectively.

Most of the offenders were sent to the Reformatory and Industrial Schools under section 22 of the Bengal Children Act. In 1929 there were only 4 boys who had been sent to the Industrial School under section 27 (*2*) (*e*) of the Act. These were neglected children, who had been living in houses of ill-fame and were sentenced in 1928.

Primary education is imparted in the school up to class IV. During the year 1929, considerable reorganisation in regard to teaching had

to be carried out and certain teachers were replaced by more qualified persons and a new curriculum introduced provisionally in October 1929. This syllabus of studies was closely followed in the following year. The result of an examination held at the end of 1930 bears testimony to the excellence of the instruction imparted in the school. Further proposals for improving teaching are under consideration.

There were no serious breaches of discipline in the schools either in 1929 or 1930, but there were four cases of escapes during the latter year. One of these offenders was recaptured and brought back to the school. It is satisfactory to note that whenever the boys were taken beyond the school premises they behaved well and were found to be respectful to the staff.

The boys take a keen interest in games and inter-shop tournaments.

Health was fairly good and satisfactory during the years 1929 and 1930, though there were a few cases of malarial fever in both the years.

During the year 1929, 19 boys of the Reformatory School were discharged on expiry of their term of sentence and on furnishing surety. The Bengal After-care Association for Juveniles and Adolescents took charge of the boys on their release. There was no discharge from the Industrial School during 1929.

During 1930, 36 boys of the Reformatory School were released—33 on expiry of sentence, 2 on appeal and 1 on license. Of these, 24 were sent to the Bengal After-care Association and 12 were taken over by their parents or guardians. It was found possible to provide 2 out of these 12 with work in the Government Telegraph Storeyard. The 24 boys taken over by the Bengal After-care Association have been trained in various technical occupations.

The number of boys discharged from the Industrial School in 1930 was 3, 2 on expiry of sentence and 1 on appeal.

The total expenditure on maintaining the school during the year 1929 was Rs. 36,096-9-3 (including vegetable produced on the school garden of the value of Rs. 2,970), and the average annual cost of maintaining and educating a boy was Rs. 187. The total expenditure on maintaining the school during 1930 was Rs. 47,711-12-3 (excluding vegetables produced on the school garden of the value of Rs. 2,661), and the average annual cost of educating each boy was Rs. 215-4.

The value of the work done in the various workshops attached to the schools during 1929 and 1930 was Rs. 2,352-12-6 and Rs. 6,130-6, respectively.

Gobinda Kumar Home, Panihati.—The capacity of this home is 95 girls. It was renamed the Gobinda Kumar Home after its removal from 22, Dum Dum Road, Cossipur, to Panihati in March 1929. This home, which is under the management of the Calcutta Vigilance Association, owes its existence to the munificence of Babu Gopal Das Chowdhuri, M.A., B.L., Vakil, Zamindar of Sherpur, Mymensingh, who for this purpose made a gift of a garden house and several bighas of land at Panihati in the district of the 24-Parganas and of Rs. 5,000 in cash.

There were 72 girls of various ages varying from 5 to 16 in this home in 1930 as against 63 in 1929. Of these 55 were Bengalis, 7 Oriyas, 6 U. P. girls, 2 Bharatpur girls, 1 Nepali and 1 Marwari. All of them were Hindus, and except 2 in 1929 all were dealt with under the provisions of the Immoral Traffic Act. During the years 1929 and 1930, the average cost of maintaining a girl amounted to Rs. 23 per mensem; of this Rs. 10 was contributed by Government, the balance being met from private sources.

The home has a primary school attached to it in which Bengali, Arithmetic, History, Geography, hygiene and needlework are taught. It is hoped that the departmental syllabus for primary schools will, as far as possible, be followed in the school. The progress made in education during 1930 is fair. It is satisfactory to note that the girls have games and drill daily.

One of the most urgent needs is some means of separating the older from younger girls, and it is hoped that the Calcutta Vigilance Association which manages the home will find resources to enable them to provide for the additional accommodation required.

Salvation Army Home.—The capacity of this home is 60 girls.

During the year 1929, 14 girls between 6 to 16 years of age were sent to this home by the orders of the Juvenile Court. Of these 12 were Hindus and 2 Muhammadans. Except 1 who is a Muhammadan from Bihar all the others are from Bengal. During 1930, there were 9 girls between 12 and 15 years of age, and all of them were Hindus. Except one who comes from the United Provinces all are Bengalis.

With one exception, in 1929 all the girls were rescued from houses of ill-fame and dealt with under section 4 of the Calcutta Suppression of Immoral Traffic Act. It is reported that the girls lodged at the home are all trained under the Kindergarten system and taught drawn thread work and embroidery by which they are expected to earn their living. Proper attention is given to physical exercise, first-aid and games, and that during the years under review the health of the girls was on the whole good.

The cost of maintenance per head of the inmates was Rs. 15 per mensem, of which Rs. 10 was paid from Provincial Revenues and the balance of Rs. 5 from the funds of the home.

Society for Protection of Children in India.—Of 438 children dealt with during 1929, the Society placed 92 in schools or institutions, returned 30 to guardians or schools, undertook the protection or guardianship of 47 and gave temporary help and advice to 200.

The Society dealt with 568 children in 1930, of them 98 were placed in schools or institutions, 19 were returned to guardians or schools. The Society undertook the protection or guardianship of 72 children and gave temporary help or advice to 176.

This Society does not provide any accommodation itself for suitable custody cases, but has developed a scheme for the provision of a clearing house, which they have requested Government to aid.

Hazaribagh Reformatory School.—The Reformatory School at Hazaribagh under the control of the Government of Bihar and Orissa is at present used by this Government as a place where youthful boy offenders of this province are sent by Courts where the provisions of the Bengal Children Act have not been extended.

During the year 1929, 9 boys and the same number in 1930, who were convicted by Courts in Bengal, were discharged from the Hazaribagh Reformatory School under section 13 (*2*) of the Reformatory Schools Act, VIII of 1897, on their attaining the age of 18 years.

Bengal After-care Association.—The Bengal Borstal Schools Act was passed in January 1928 empowering the Local Government to establish Borstal Schools where adolescent offenders, between the ages of 16-21, while undergoing sentence would have the influence of a vocational school rather than that of a prison. In March 1928, an Association called the Bengal After-care Association for Juveniles and Adolescents was formed at a public meeting of the citizens of Calcutta to find employment for boys on release from the Borstal and Reformatory Schools, and to keep in touch with them to see that they did not revert again to crime. Government sanctioned a grant of Rs. 3,000 a year to the Association. They also allowed the Association to occupy temporarily with effect from the 20th February 1929, on a nominal rent of Re. 1 per annum, the entire double storied building No. 33 in the Army Clothing Factory at 31A, Belvedere Road, Alipore, for their office accommodation and for use by them as a hostel for juvenile and adolescent offenders.

During 1929, the number of boys admitted to the hostel was 110. Of these 29 were received from corrective institutions, namely, the Borstal School, Bankura, and the Reformatory School, Alipore, and 81 from prisons. During 1930, the number admitted was 133. Of this number 73 were received from the Borstal School, Bankura, and the Reformatory School, Alipore, and 60 from the prisons.

The daily average number of inmates in the hostel was 10·8 in 1929 and 20·7 in 1930.

A scheme of a night school for the education of the boys in the hostel which was under consideration during 1930 has materialised in the current year. As an industrial occupation the boys are taught how to manufacture *bidi*. During 1930 the Association found employment for as many as 55 of the boys under their care.

During the year 1930, the total income of the institution from different sources amounted to Rs. 4,787-14, against which the total expenditure incurred was Rs. 4,548-1-8.

The Mymensingh and Chittagong District After-care Associations were established in 1930. District After-care Associations were also started in Dacca, Bakarganj and Tippera. They all did excellent work in their respective districts during 1930.

GOVERNMENT OF INDIA.

Legislative Department.

The following Act of the Indian Legislature received the assent of the Governor General on the 5th April, 1931, and is hereby promulgated for general information:—

*ACT No. XIV OF 1931.

An Act to impose a temporary additional duty of customs on foreign salt.

WHEREAS it is expedient in the interests of the Indian salt industry to impose a temporary additional duty of customs on the import of foreign salt and at the same time to make provision for safeguarding the interests of consumers of salt; It is hereby enacted as follows:—

Short title, extent and duration.

1. (*1*) This Act may be called the Salt (Additional Import Duty) Act, 1931.

(*2*) It extends to the whole of British India.

(*3*) It shall have effect only up to the 31st day of March, 1932.

Definition of maund.

2. In this Act a "maund" means a maund of eighty-two and two-sevenths pounds avoirdupois.

Additional duty of customs on salt.

3. Save as hereinafter provided, there shall be levied and collected, in addition to any duty of customs imposed by or under any enactment for the time being in force, an additional duty of customs on salt imported into any port in British India except Aden and Perim, at the rate of four and a half annas per maund.

Power to impose further additional duties.

4. If the Governor General in Council is satisfied, after such inquiry as he thinks fit, that salt not manufactured in India is being imported into British India at such a price as is likely to render insufficient the benefits intended to be afforded to the Indian salt industry by the additional duty imposed by section 3, he may, by notification in the Gazette of India, increase such duty to such extent, not exceeding one anna per maund, as he thinks fit.

Exemption of Indian salt from additional duties.

5. (*1*) The additional duty imposed by section 3, and any further duty which may be imposed under section 4, shall not, save as hereinafter povided, be levied and collected on salt produced in India.

(*2*) The Governor General in Council may at any time require any producer of salt in India to enter into an undertaking, within such time as the Governor General in Council may specify, that he will, when so required from time to time by the prescribed authority, sell to the Secretary of State for India in Council fine white salt of the quality usually made by such producer.

(*3*) In making a requisition under sub-section (*2*) the prescribed authority may specify, in such manner as may be reasonable in the circumstances of the case,—

(*a*) the amount of salt to be sold,

(*b*) the port or ports where such salt is to be delivered, and

(*c*) the time within which the salt is to be delivered at the port or ports of delivery.

(*4*) The price to be paid for such salt delivered free of charge at the port of delivery shall be sixty-three rupees eleven annas per hundred maunds at the port of Calcutta, and at any other port shall be sixty-three rupees eleven annas per hundred maunds with an addition or deduction, as the case may be, on account of the difference between the freight from the port of shipment to Calcuttta and the freight from the port of shipment to the port of delivery.

* This Act came into effect on 17th March, 1931, by virtue of a declaration inserted in the Bill under the Provisional Collection of Taxes Act, 1918 (16 of 1918).

(5) If any producer of salt required to enter into an undertaking under sub-section (2) fails to enter into such undertaking within the time specified, or, having entered into such undertaking, fails in the opinion of the Governor General in Council to fulfil it, the Governor General in Council may, by notification in the Gazette of India, direct that all salt produced by such producer shall, on being taken by sea into any port in British India, be chargeable with the additional duty imposed by section 3 and with any further additional duty which may be imposed under section 4.

Power to make rules.

6. The Governor General in Council may, by notification in the Gazette of India, make rules—

(a) prescribing the form of undertaking to be entered into by producers of salt under section 5;

(b) determining the prescribed authorities for the purposes of that section; and

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 12th May 1931.

Third and Final Forecast of the Spring Oilseed Crops of Bengal, 1930-31.

(NOTE.—On an average of the five years ending 1928-29, the area under linseed in Bengal has represented some 3·4 per cent. and that under rape and mustard 11·3 per cent. of the total area under these crops in British India.)

Character of the season.—It was reported in the preceding forecasts that the weather at the outset was favourable for sowings, and excessive rain during the latter part of November hampered the germination and growth in some district. Absence of rain during December enabled the crops to recover from the effects of wet weather, but continued drought up till the end of January followed by heavy rainfall in the middle of February proved a little harmful to the development of the crops. Subsequently the rainfall at harvest time in March caused a little damage in places. On the whole, however, a satisfactory outturn was reaped for the crops this year.

Acreage.—Oilseeds are principally grown in the Rajshahi, Dacca and Presidency Divisions. In the other two divisions the cultivation is small. The total area under these crops (excepting sesamum for which separate forecasts are issued) is estimated at 933,400 acres this year as against 868,300 acres last year.

Outturn.—From the District Officers' estimates, the provincial outturn of the different oilseed crops works out at 82 per cent. of the normal as against 85 per cent. last year.

Taking 5⅜ maunds as the normal rate of yield per acre for linseed, 6 maunds for rape and mustard and 4¼ maunds for other oilseeds, the total yield of the crops for the Province is estimated at 164,400 tons this year as against 158,700 tons last year.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 12th May 1931.

Final Forecast of the Wheat Crop of Bengal, 1930-31.

NOTE.—On an average of the five years ending 1928-29, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1928-29, averaged (*a*) 38·1 and (*b*) 11·1 per cent., respectively.)

Character of the season.—In the third forecast issued in the beginning of April last, the weather was already reported as having been fairly favourable. Since then the conditions have remained practically the same but for the fact that the crop is reported to have deteriorated a little in the important districts of Nadia and Murshidabad, as a result of damage caused by excessive rain during the harvest time.

Acreage.—According to District Officers' estimates, the total area sown is 142,900 acres this year as against 126,200 acres last year or about 13 per cent. over last year.

Outturn.—The provincial outturn as worked out from the district estimate is 75 per cent. of the normal as against 81 per cent. last year. Taking the normal yield to be 8¾ maunds per acre, the gross yield of the crop for the Province is estimated at 34,400 tons this year as against 32,900 tons or about 5 per cent. higher than last year.

At the end of April the wholesale price of wheat in the Calcutta mart was Rs. 2-12 per maund or about 54 per cent. lower than the price ruling at the corresponding period of last year. The price of common rice at Calcutta, on the other hand, was Rs. 4-2 per maund or about 55 per cent. lower than last year.

For the week ending on the 27th May 1931.

Summary.—During the week the rainfall was generally moderate to heavy. Sowings of jute and paddy are practically completed. Weeding of autumn crops continues but the operation is being hindered in places owing to heavy rain which has caused slight damage in a few places. Generally however standing crops are thriving. Distress continues to prevail in parts of Nadia, Bogra and Pabna. In the former two districts distribution of agricultural loans continues and in the latter 3,074 persons attended the test relief works during the week ending on the 23rd May 1931. The number of persons gratuitously relieved in Bogra was 43. The average price of common rice for the Province has slightly fallen as compared with that of the previous week.

NOTIFICATION.

No. 492T.Com.—22nd May 1931.—The following is published for general information:—

Precautions to be observed in connection with the use of Acetylene Plants.

1. Only "low pressure" generators (*i.e.*, when the acetylene gas is subject to a pressure above that of the atmosphere capable of supporting a column of water not exceeding 60 inches in height) should ordinarily be used. Higher pressure generators up to a maximum of 250 inches water column may be used, if absolutely necessary, with the previous permission of the licensing authority, provided they are fitted with suitable safety devices.

2. A generator operating at a higher pressure than 60 inches water column must have clearly marked on it the water column pressure at which it works.

3. The operating instructions when not fixed to the apparatus should be kept constantly posted up in a place where they can conveniently be referred to by the attendant.

4. Every apparatus for generating and storing acetylene gas other than a portable apparatus holding a charge of less than 2 lbs. of carbide of calcium should be placed in an out-building, which should be separated as far as practicable from any inhabited building and should be well ventilated.

5. A portable apparatus should only be used in a well ventilated building or place and in a position remote from any fire or combustible material. When not in use the generator should be kept in a building similar to that mentioned in 4 above.

6. No unauthorised persons should be allowed to enter a generator house.

7. No fire, naked light, lamp, other than an electric torch, or smoking should be allowed in a generator house or near a generator.

8. Generators and their fittings should be maintained in good condition. Before executing repairs care should be taken to see that the bell or other parts are entirely free from gas.

9. Generators should be cleaned during day light; when, however, this is not possible, only suitable electric lamps or torches should be used for lighting.

10. Partially spent carbide should never be replaced in a generator of the "dipping type". The basket should always be cleaned and filled with fresh carbide.

11. Copper should not be used in the construction of generators, pipes, valves or fittings for acetylene.

12. Electric switches, fuses, etc., in a generator house or near a generator should be so constructed that risk due to sparking or fusing in an explosive atmosphere is avoided.

13. Oxy-acetylene blowpipes should be connected to the oxygen and acetylene supply-pipes by stout rubber tubing strengthened with canvas. Suitable clips should be used for the purpose of attaching tubes to the blowpipe and other connections.

14. Hydraulic valves should be used with low pressure generators but not with high pressure generators.

15. A hydraulic back pressure valve should be fitted in the acetylene supply-pipe between the generator and each blowpipe as near the blowpipe as possible.

16. Ample means for thorough ventilation should constantly be maintained in use in welding shops, and special provision should be made for ventilating confined spaces in which acetylene is used.

17. A blowpipe designed for use on a low pressure plant should not be used in connection with a high pressure plant, unless a suitable acetylene control valve is fitted to the blowpipe.

18. Tins containing carbide should not be brought into a welding room or near to a flame.

19. Carbide drums should be opened with a tin opener.

20. Cylinders of oxygen and of dissolved acetylene should not be subjected to rough usage nor exposed to high temperatures.

21. Reducing valves should always be fitted on both oxygen and acetylene cylinders when in use.

22. Gas cylinder valves, especially those on oxygen cylinders, should always be opened slowly.

23. Oil or grease should not be used in connection with valves, fittings or tubing on oxygen cylinders.

24. The acetylene supply should always be cut off when changing the blowpipe or the oxygen cylinder.

25. If any leakage of oxygen or acetylene should be detected, it should be stopped at once or the cylinder should be removed to a safe place.

26. Portable fire extinguishers should be provided in readily accessible positions where oxy-acetylene welding is carried on.

(2) The Army Act and the Air Force Act, while in force, shall apply to persons subject to military law or to the Air Force Act, as the case may be, whether within or without His Majesty's dominions.

(3) A person subject to military law or to the Air Force Act shall not be exempted from the provisions of the Army Act or Air Force Act by reason only that the number of the forces for the time being in the service of His Majesty, exclusive of the marine forces, is either greater or less than the number hereinbefore mentioned.

General Provisions.

ARTICLE 1.

The controls and steering apparatus must be so placed that the driver can manage them with certainty and at the same time have a clear view of the road.

The machinery must be such as to work with certainty and disposed in such a way as to avoid, as far as possible all danger of fire or explosion ; as not to constitute any sort of danger to traffic and so as not to frighten or seriously inconvenience by noise, smoke or smell. The vehicle must be equipped with a silencer.

The wheels of motor vehicles and trailers drawn by them must be fitted with rubber tyres or with some other tyres of equivalent elasticity.

The distance between the ends of the hub-caps must not exceed the maximum width of the remainder of the vehicle.

For motor bicycles unaccompained by side-car, the number of lights in front may be reduced to one.

V. Every motor vehicle must also be equipped with one or more devices capable of effectively illuminating the road for a sufficient distance ahead unless the two white lights prescribed above already fulfil this condition.

If the vehicle is capable of proceeding at a speed greater than 30 kilom. an hour this distance must not be less than 100 metres.

VI. Lamps which may produce a dazzling effect must be provided, with means for eliminating the dazzling effect when other users of the road are met, or on any occassion when such elimination would be useful. The elimination of the dazzling effect must, however, leave sufficient light to illuminate the road clearly for at least 25 metres.

VII. Motor vehicles drawing trailers are subject to the same regulations as separate motor vehicles in so far as forward lighting is concerned; the rear red light to be carried on the back of the trailer.

This authorisation cannot be granted to persons of less than 18 years of age.

Delivery and Recognition of International Driving Permits.

ARTICLE 7.

In order to certify, for international traffic, that the conditions laid down in the preceding article have been fulfilled, international driving permits are delivered on the model and according to the remarks contained in Annexes. D and E of the present Convention.

These permits are valid for a year from the date of their delivery and for the categories of motor vehicles for which they have been delivered.

The right to use the international driving permit may, however, be refused if it is evident that the conditions prescribed in the previous article have not been fulfilled

Observance of National Laws and Regulations.

ARTICLE 8.

The driver of a motor vehicle travelling in a country is bound to conform to the laws and regulations regarding traffic which are in force in that country.

An extract from these laws and regulations may be given to motorists on entry into a country at the office at which the Customs formalities are carried out.

ANNEX. A.

Joint Secy. to the Govt. of India.

FINANCE DEPARTMENT.

NOTIFICATION.

New Delhi, the 25th March 1931.

No. F.-26-F. E./25.—In exercise of the powers conferred by rules 33 (2), 37, 42 and 44 (*d*) of the Civil Services (Classification, Control and Appeal) Rules, and in supersession of all existing rules and orders relating to special or contributory provident funds maintained by Government for non-pensionable servants of Government belonging to any of the services (whether Central, Specialist or Subordinate), under the control of the Governor General in Council, the Governor General in Council hereby makes the following rules:—

CONTRIBUTORY PROVIDENT FUND RULES (INDIA).

Short Title and Definitions.

1. (1) These rules may be called the Contributory Provident Fund Rules (India).

(2) They shall come into force on the 1st April 1931.

2. (1) In these rules, unless there is anything repugnant in the subject or context:—

(i) *Account Officer* means such officer as may be appointed in this behalf by the Auditor General;

(ii) *Emoluments* means pay, leave-salary, or subsistence grant, as defined in the Fundamental Rules, and includes—

(*a*) sterling overseas pay converted at such rate of exchange as the Secretary of State in Council may prescribe in this behalf;

(*b*) any wages paid by Government to employees not remunerated by fixed monthly pay; and

(*c*) any remuneration of the nature of pay received in respect of foreign service;

(iii) *Family* means the wife or wives and children of a subscriber and the widow, or widows, and children of a deceased son of the subscriber; an adopted child shall be considered to be a child when the Account Officer or, if any doubt arises in the mind of the Account Officer, the Solicitor to the Government of India, is satisfied that, under the personal law of the subscriber, adoption is legally recognised as conferring the status of a natural child, but in this case only;

(iv) *Leave* means any variety of leave recognized by the Fundamental Rules or the Civil Service Regulations, whichever may be applicable to the subscriber;

(v) *The Fund* means the Contributory Provident Fund (India); and

(vi) *Year* means a financial year.

(2) Any other expression employed in these rules which is defined in the Fundamental Rules is used in the sense therein defined.

Constitution and management of the Fund.

3. The Fund shall be administered by the Governor General in Council, and shall be maintained in India in rupees.

4. (1) These rules shall apply to every non-pensionable servant of Government belonging to any of the Services (whether Central, Specialist or Subordinate) under the control of the Governor General in Council, who—

(*a*) has been admitted before these rules came into force to the benefits of a special or contributory provident fund maintained by Government, except the State Railway Provident Fund; or

(*b*) may be admitted by Government to the Fund after these rules come into force:

Provided that these rules shall not apply to any such servant between whom and Government an agreement subsists in respect of a provident fund, other than an agreement providing for the application to him of these rules, and, in the case of an agreement so providing, shall apply subject to the terms of such agreement.

(2) Every servant of Government to whom these rules apply shall be a subscriber to the Fund.

(3) The balance at the credit of any servant of Government in any such Fund as is referred to in clause (*a*) of sub-rule (1) shall, with effect from the date on which these rules come into force, be transferred to his credit in the Fund.

Nomination.

5. (1) The Account Officer shall, as soon as may be, require every subscriber to make a nomination conferring the right to receive the amount that may stand to his credit in the Fund in the event of his death before quitting the service.

(2) A subscriber who, at the time of joining the Fund, has a family shall send to the Account Officer a nomination in the Form set forth in the First Schedule in favour of one or more members of his family.

(3) A subscriber who has no family may similarly nominate a person or persons in the Form set forth in the Second Schedule:

Provided that a nomination made under this sub-rule shall be deemed to have been duly made in accordance with these rules only for so long as the subscriber has no family.

(4) If a subscriber at any time acquires a family, he shall send to the Account Officer a nomination as provided in sub-rule (2) and, if he has under sub-rule (3) nominated any person other than a member of his family, he shall formally cancel the previous nomination.

(5) A subscriber may in his nomination distribute the amount that may stand to his credit in the Fund amongst his nominees at his own discretion.

(6) A nomination may be cancelled by a subscriber and replaced by any nomination which is permitted to be made under this rule.

Subscribers' accounts.

6. An account shall be opened in the name of each subscriber, in which shall be credited—

(i) the subscriber's subscriptions;

(ii) contributions made under rule 10 by Government to his account;

(iii) interest, as provided by rule 11, on subscriptions; and

(iv) interest, as provided by rule 11, on contributions.

Conditions and Rates of Subscriptions.

7. (1) Every subscriber shall subscribe monthly to the Fund when on duty or foreign service.

(2) A subscriber may, at his option, subscribe during leave.

(3) The option of a subscriber under sub-rule (2) shall be intimated to the Account Officer before the subscriber proceeds on leave and shall be final.

8. (1) The amount of subscriptions shall be fixed by the subscriber himself, subject to the following conditions:—

(a) It shall be expressed in whole rupees.

(b) (i) It may be any sum, so expressed, not less than 6¼ per cent. of emoluments (i.e., one anna in the rupee) and not more than 15 5/8 per cent. (i.e., 2½ annas in the rupee).

(ii) Emoluments for the purposes of this rule shall be calculated at the rate payable in respect of the 31st March of the preceding year:

Provided that, if the subscriber is on leave or under suspension on the 31st March of the preceding year, his emoluments shall be calculated at the rate payable in respect of the first day after his return to duty:

Provided also that, if the subscriber is on deputation out of India on the 31st March of the preceding year, his emoluments shall be calculated at the rate which would have been payable had he been on duty in India:

Provided also that, if the emoluments of the subscriber are of a fluctuating nature, they shall be calculated in such manner as the Governor General in Council may direct.

(2) The subscriber shall intimate the fixation of the amount of his monthly subscription in each year in the following manner:—

(a) if he is on duty on the 31st March of the preceding year, by the deduction which he makes in this behalf from his pay bill for that month;

(b) if he is on leave or under suspension on the 31st March of the preceding year, by the deduction which he makes in this behalf from his first pay bill after his return to duty;

(c) if he is on foreign service on the 31st March of the preceding year, by written intimation to the Account Officer before the 1st April of the current year;

(d) if his emoluments are of the nature referred to in the third proviso to sub-rule (1), in such manner as the Governor General in Council may direct.

(3) If the amount of subscription payable contains a fraction of a rupee, it shall be rounded to the nearest whole rupee (eight annas counting as the next higher rupee).

(4) The amount of subscription so fixed shall remain unchanged throughout the year.

Realisation of Subscriptions.

9. (1) When emoluments are drawn from a Government treasury in India or from the Home or a Colonial treasury, recovery of subscriptions on account of these emoluments and of the principal and interest of advances shall be made from the emoluments themselves; except that, when emoluments other than sterling overseas pay are so drawn in India, deductions in respect of sterling overseas pay, when admissible, shall be made in India.

(2) When emoluments are drawn from any other source the subscriber shall forward his dues monthly to the Account Officer.

Contribution by Government.

10. (1) Government shall, with effect from the 31st March of each year, make a contribution to the account of each subscriber.

(2) The contribution shall be such percentage of the subscriber's emoluments drawn on duty during the year as has been or may be prescribed by Government by general or special order.

(3) If a subscriber is on deputation out of India, the emoluments which he would have drawn had he been on duty in India shall, for the purposes of this rule, be deemed to be emoluments drawn on duty.

(4) Should a subscriber elect to subscribe during leave, his leave salary shall, for the purposes of this rule, be deemed to be emoluments drawn on duty.

(5) The amount of any contribution payable in respect of a period of foreign service shall, unless it is recovered from the foreign employer, be recovered by Government from the subscriber.

(6) The amount of contribution payable shall be rounded to the nearest rupee in the manner provided in sub-rule (3) of rule 8.

Interest.

11. (1) Government shall pay to the credit of the account of a subscriber interest, at such rate as Government may from time to time prescribe for the payment of interest on subscriptions to the General Provident Fund, on the amount at his credit in the Fund.

(2) Interest shall be credited with effect from the 31st March of each year in the following manner:—

(i) on the amount at the credit of a subscriber on the 31st March of the preceding year, less any sums withdrawn during the current year—interest for twelve months;

(ii) on sums withdrawn during the current year—interest from the 1st April of the current year up to the last day of the month preceding the month of withdrawal;

(iii) on all sums credited to the subscriber's account after the 31st March of the preceding year—interest from the date of deposit up to the 31st March of the current year;

(iv) the total amount of interest shall be rounded to the nearest rupee in the manner provided in sub-rule (3) of rule 8.

(3) For the purposes of this rule the date of deposit shall, in the case of recoveries from emoluments, be deemed to be the first day of the month in which they are recovered; and, in the case of amounts forwarded by the subscriber, shall be deemed to be the first day of the month of receipt, if they are received by the Account Officer before the fifth day of that month, or, if they are received on or after the fifth day of that month, the first day of the next succeeding month.

(4) In addition to any amount to be paid under rule 27, interest thereon up to the end of the month preceding that in which payment is made, or up to the end of the sixth month after the month in which such amount became payable, whichever of those periods be less, shall be payable to the person to whom such amount is to be paid.

(5) Interest shall not be credited to the account of a Muhammadan subscriber if he informs the Account Officer that he does not wish to receive it; but if he subsequently asks for interest, it shall be credited with effect from the 1st April of the year in which he asks for it.

Advances from the Fund.

12. (1) A temporary advance may be granted to a subscriber from the amount standing to his credit in the Fund at the discretion of the authority specified in sub-rule (2), subject to the following conditions—

(*a*) the subscriber shall satisfy that authority of the necessity for the advance;

(*b*) that authority shall record in writing its reasons for granting the advance; and

(*c*) the advance shall not, except for reasons to be recorded in writing by that authority, exceed three months' pay; and shall, in no case, exceed the amount of subscriptions and interest thereon standing to the credit of the subscriber in the Fund at the time when the advance is granted.

(2) The authority competent to grant an advance—

(*a*) (i) exceeding three months' pay, or

(ii) within twelve months of the final repayment of all previous advances together with interest thereon,

shall be the authority competent to dismiss the subscriber;

(*b*) in any case not specified in clause (*a*), shall be the authority competent to pass censure on the subscriber.

13. An advance shall not, except for special reasons to be recorded in writing by the sanctioning authority, be granted under rule 12 until at least twelve months after the final repayment of all previous advances together with interest thereon.

14. (1) An advance shall be recovered from the subscriber in such number of equal monthly instalments as the sanctioning authority may direct; but such number shall not be less than twelve unless the subscriber so elects, or in any case more than twenty-four. A subscriber may, at his option, make repayment in a smaller number of instalments than that prescribed. Each instalment shall be a number of whole rupees, the amount of the advance being raised or reduced, if necessary, to admit of the fixation of such instalments.

(2) Recovery shall be made in the manner provided in rule 9 for the realisation of subscriptions and shall commence on the first occasion after the advance is made on which the subscriber draws pay, or remuneration on foreign service, for a full month. Recovery shall not be made while the subscriber is on leave or in receipt of subsistence grant, and may be postponed by the sanctioning authority during the recovery of an advance of pay granted to the subscriber.

(3) If more than one advance has been made to a subscriber, each advance shall be treated separately for the purpose of recovery.

(4). (*a*) After the principal of the advance has been fully repaid, interest shall be paid thereon at the rate of one-fifth per cent. of the principal for each month or broken portion of a month during the period between the drawal and complete repayment of the principal.

(*b*) Interest shall ordinarily be recovered in one instalment in the month after complete repayment of the principal; but, if the period referred to in clause (*a*) exceeds twenty months interest may, if the subscriber so desires, be recovered in two equal monthly instalments. The method of recovery shall be that provided in sub-rule (2). Payments shall be rounded to the nearest rupee in the manner provided in sub-rule (3) of rule 8.

(5) Recoveries made under this rule shall be credited, as they are made, to the account of the subscriber in the Fund.

Payments towards Insurance Policies and Family Pension Funds.

15. Subject to the conditions contained in rules 16 to 22—

(*a*) (i) subscriptions to a family pension fund approved in this behalf by the Governor General in Council,

(ii) payments towards an insurance policy

may, at the option of a subscriber, be substituted for the whole or part of subscriptions to the Fund;

(*b*) the amount of subscriptions with interest thereon standing to the credit of a subscriber in the Fund may be withdrawn to meet—

(i) payments towards an insurance policy;

(ii) purchase of a single payment insurance policy;

(iii) payment of single premia or subscriptions to a family pension fund approved in this behalf by the Governor General in Council;

Provided that no amount shall be withdrawn to meet any payment or purchase made or effected more than twelve months before the withdrawal.

16. (1) If the total amount of any subscriptions or payments substituted under clause (*a*) of rule 15 is less than the amount of the minimum subscription payable to the Fund under rule 8, the difference shall be rounded off to the nearest rupee in the manner provided in sub-rule (3) of rule 8 and paid by the subscriber as a subscription to the Fund.

(2) If the subscriber withdraws any amount standing to his credit in the Fund for any of the purposes specified in clause (*b*) of rule 15, he shall, subject to his option under clause (*a*) of that rule, continue to pay to the Fund the subscription payable under rule 8.

17. (1) A subscriber who desires to substitute a subscription or payment under clause (*a*) of rule 15 may reduce his subscription to the Fund accordingly:

Provided that the subscriber shall—

(*a*) intimate to the Account Officer on his pay bill or by letter the fact of, and reason for, the reduction;

(*b*) send to the Account Officer, within such period as the Account Officer may require, receipts or certified copies of receipts in order to satisfy the Account Officer that the amount by which the subscription has been reduced was duly applied for the purposes specified in clause (*a*) of rule 15.

(2) A subscriber who desires to withdraw any amount under clause (*b*) of rule 15 shall—

(*a*) intimate the reason for the withdrawal to the Account Officer by letter;

(*b*) make arrangements with the Account Officer for the withdrawal;

(*c*) send to the Account Officer, within such period as the Account Officer may require, receipts or certified copies of receipts in order to satisfy the Account Officer that the amount withdrawn was duly applied for the purposes specified in clause (*b*) of rule 15.

(3) The Account Officer shall order the recovery of any amount by which subscriptions have been reduced, or any amount withdrawn, in respect of which he has not been satisfied in the manner required by clause (*b*) of sub-rule (1) and clause (*c*) of sub-rule (2), with interest thereon at the rate provided in rule 14, from the emoluments of the subscriber and place it to the credit of the subscriber in the Fund.

18. (1) Government will not make any payments on behalf of subscribers to insurance companies, nor take steps to keep a policy alive.

(2) It is immaterial what form the policy takes, provided that it shall be on the life of the subscriber himself and shall (unless it is a policy expressed on the face of it to be for the benefit of his wife, or of his wife and children, or any of them) be such as may be legally assigned by the subscriber himself to the Secretary of State in Council.

(3) The policy may not be effected for the benefit of any beneficiary other than the wife of the subscriber or his wife and children or any of them.

19. (1) The policy, within three months after the first withholding of a subscription or withdrawal from the Fund in respect of the policy, or in the case of an insurance company whose headquarters are outside India, within such further period as the Account Officer, if he is satisfied by the production of the completion certificate (*interim* receipt), may fix, shall—

(*a*) unless it is a policy expressed on the face of it to be for the benefit of the wife of the subscriber, or of his wife and children, or any of them, be assigned, by an endorsement on the policy in the Form set forth in the Third Schedule, to the Secretary of State in Council, as security for the payment of any sum which may become payable to the Fund by the subscriber under rules 20 to 22 and delivered to the Account Officer;

(*b*) if it is a policy expressed on the face of it to be for the benefit of the wife of the subscriber, or of his wife and children, or any of them, be delivered to the Account Officer.

(2) The Account Officer shall satisfy himself by reference to the insurance company, where possible, that no prior assignment of the policy exists.

(3) If the policy is not assigned and delivered, or delivered, within the said period of three months or such further period as the Account Officer may, under sub-rule (1), have fixed, any amount withheld or withdrawn from the Fund in respect of the policy shall, with interest thereon at the rate provided in rule 14, forthwith be paid or repaid, as the case may be, by the subscriber, to the Fund, or, in default be ordered by the Account Officer to be recovered by deduction from the emoluments of the subscriber, by instalments or otherwise, as Government may direct.

(4) Notice of assignment of the policy shall be given by the subscriber to the insurance company, and the acknowledgment of the notice by the insurance company shall be sent to the Account Officer within three months of the date of assignment.

NOTE 1.—Subscribers are advised to send notice of the assignment to the insurance company in duplicate, accompanied, in cases in which the notice has to be sent to a company in Great Britain or Ireland, by a remittance of five shillings, which is the fee for the acknowledgment authorised by the Policies of Assurance Act, 1867. The policy itself, bearing the assignment endorsed thereon, need not be sent to the Company, as insurance companies do not ordinarily require the production of the original instruments affecting a policy-holder's title until the policy becomes a claim.

NOTE 2.—Subscribers who proceed to Great Britain or Ireland on quitting the service are advised that under the English Stamp Law assignments or reassignments are required to be stamped within 31 days of their first arrival in those countries. Otherwise penalty will be incurred under the Stamp Act, and difficulties may arise when the policy matures for payment.

20. (1) Save as provided by sub-rule (2) of rule 22, when the subscriber—

(*a*) quits the service, or

the Account Officer shall—

(i) if the policy has been assigned to the Secretary of State in Council under rule 19, reassign the policy in the first Form set forth in the Fourth Schedule to the subscriber, and make it over to the subscriber:

The balance, if any, shall, at the option of the subscriber, be paid to the subscriber or placed to the credit of the subscriber in the Fund.

(2) Save as provided by sub-rule (2) of rule 22, if a policy delivered to the Account Officer under clause (*b*) of sub-rule (1) of rule 19 matures before the subscriber quits the service and before his death, the Account Officer shall make over the policy to the subscriber, who shall pay or repay to the Fund the whole of any amount withheld or withdrawn from the Fund in respect of the policy with interest thereon at the rate provided in rule 14, and, in default, the provisions of sub-rule (3) of rule 19 applicable to a failure to assign and deliver a policy shall apply.

22. (1) If—

(*a*) an assignment (other than an assignment to the Secretary of State in Council under rule 19), or

(*b*) a charge or encumbrance on, or

(*c*) an order of a Court restraining dealings with—

the policy or any amount realised thereon, the Account Officer shall not—

(i) assign or re-assign or make over the policy as provided in rule 20, or

(ii) realise the amount assured by the policy, or dispose of any part of any amount so realised, or make over the policy, as provided in rule 21,

but shall forthwith refer the matter to the Governor General in Council.

Circumstances in which Accumulations are payable.

23. When a subscriber quits the service, the amount standing to his credit in the Fund shall, subject to any deduction under rule 26, become payable to him:

Provided that a subscriber, who has been dismissed from the service and is subsequently reinstated in the service, shall, if required to do so by Government, repay any amount paid to him from the Fund in pursuance of this rule, with interest thereon at the rate provided in rule 14 in the manner provided in the proviso to rule 24. The amount so repaid shall be credited to his account in the Fund, the part which represents his subscriptions and interest thereon, and the part which represents the Government contribution with interest thereon, being accounted for in the manner provided in rule 6.

24. When a subscriber—

(*a*) has proceeded on leave preparatory to retirement, or

(*b*) while on leave, has been permitted to retire or declared by a Medical Board to be unfit for further service,

the amount of subscriptions and interest thereon standing to his credit in the Fund shall, subject to any deduction under rule 26, upon application made by him in that behalf to the Account Officer, become payable to the subscriber:

Provided that the subscriber, if he returns to duty, shall, if required to do so by Government, repay to the Fund, for credit to his account, the whole or part of any amount paid to him from the Fund in pursuance of this rule, with interest thereon at the rate provided in rule 14 in cash or securities, or partly in cash and partly in securities, by instalments or otherwise, by recovery from his emoluments or otherwise, as Government may direct.

25. Subject to any deduction under rule 26, on the death of a subscriber before quitting the service—

(i) when the subscriber leaves a family—

(a) if a nomination made by the subscriber in accordance with the provisions of rule 5 in favour of a member or members of his family subsists, the amount standing to his credit in the Fund or the part thereof to which the nomination relates, shall become payable to his nominee or nominees in the proportion specified in the nomination;

(b) if no such nomination in favour of a member or members of the family of the subscriber subsists, or if such nomination relates only to a part of the amount standing to his credit in the Fund, the whole amount or the part thereof to which the nomination does not relate, as the case may be, shall, notwithstanding any nomination purporting to be in favour of any person or persons other than a member or members of his family, become payable to the members of his family in equal shares:

Provided that no share shall be payable to—

(1) sons who have attained legal majority;
(2) sons of a deceased son who have attained legal majority;
(3) married daughters whose husbands are alive;
(4) married daughters of a deceased son whose husbands are alive,

if there is any member of the family other than those specified in clauses (1), (2), (3) and (4):

Provided also that the widow or widows and the child or children of a deceased son shall receive between them in equal parts only the share which that son would have received if he had survived the subscriber;

NOTE.—Any sum payable under these rules to a member of the family of a subscriber vests in such member under sub-section (2) of section 3 of the Provident Funds Act, 1925.

(ii) when the subscriber leaves no family, if a nomination made by him in accordance with the provisions of rule 5 in favour of any person or persons subsists, the amount standing to his credit in the Fund or the part thereof to which the nomination relates, shall become payable to his nominee or nominees in the proportion specified in the nomination.

NOTE 1.—When a nominee is a dependant of the subscriber as defined in clause (c) of section 2 of the Provident Funds Act, 1925, the amount vests in such nominee under sub-section (2) of section 3 of that Act.

NOTE 2.—When the subscriber leaves no family and no nomination made by him in accordance with the provisions of rule 5 subsists, or if such nomination relates only to part of the amount standing to his credit in the Fund, the relevant provisions of clause (b) and of sub-clause (ii) of clause (c) of sub-section (1) of section 4 of the Provident Funds Act, 1925, are applicable to the whole amount or the part thereof to which the nomination does not relate.

Deductions.

26. Subject to the condition that no deduction may be made which reduces the credit by more than the amount of any contribution by Government with interest thereon credited under rules 10 and 11, before the amount standing to the credit of a subscriber in the Fund is paid out of the Fund, the Governor General in Council may direct the deduction therefrom and payment to Government of—

(a) any amount, if a subscriber has been dismissed from the service for grave misconduct:

Provided that, if the order of dismissal is subsequently cancelled, the amount so deducted shall, on his reinstatement in the service, be replaced at his credit in the Fund;

(b) any amount, if a subscriber resigns his employment under Government within five years of the commencement thereof, otherwise than by reason of superannuation or a declaration by a Medical Board that he is unfit for further service;

(c) any amount due under a liability incurred by the subscriber to Government.

Payment.

27. (1) When the amount standing to the credit of a subscriber in the Fund, or the balance thereof after any deduction under rule 26, becomes payable, it shall be the duty of the Account Officer, after satisfying himself, when no such deduction has been directed under that rule, that no deduction is to be made, to make payment as provided in section 4 of the Provident Funds Act, 1925.

(2) If the person to whom, under these rules, any amount or policy is to be paid, assigned, reassigned or delivered is a lunatic for whose estate a manager has been appointed in this behalf under the Indian Lunacy Act, 1912, the payment or reassignment or delivery will be made to such manager, and not to the lunatic.

(3) Any person who desires to claim payment under this rule should send a written application in that behalf to the Account Officer.

Pensionable Service.

28. (1) If a subscriber is permanently transferred to pensionable service under the Governor General in Council, he shall, at his option, be entitled—

(a) to continue to subscribe to the Fund, in which case he shall not be entitled to any pension; or

(b) to earn pension in respect of such pensionable service, in which case, with effect from the date of his permanent transfer—

(i) he shall cease to subscribe to the Fund;

(ii) the amount of contributions by Government with interest thereon standing to his credit in the Fund shall be repaid to Government;

(iii) the amount of subscriptions together with interest thereon standing to his credit in the Fund shall be transferred to his credit in the General Provident Fund, to which thereafter he shall or may subscribe in accordance with the rules of that Fund relative to compulsory or optional subscription, respectively; and

(iv) he shall be entitled to count towards pension such part of the period during which he subscribed to the Fund as Government may determine.

(2) A subscriber shall communicate his option under sub-rule (1) by letter to the Account Officer within three months of the date of the order transferring him permanently to pensionable service; and, if the communication is not received in the office of the Account Officer within that period, the subscriber shall be deemed to have exercised his option in the manner referred to in clause (*a*) of that sub-rule.

Procedure.

Sums of which payment has not been taken within six months after they become payable under these rules shall be transferred to "Deposits" after the 31st March of the year and treated under the ordinary rules relating to deposits.

30. When paying a subscription in India either by deduction from emoluments or in cash, a subscriber shall quote the number of his account in the Fund, which shall be communicated to him by the Account Officer. Any change in the number shall similarly be communicated to the subscriber by the Account Officer.

31. (1) As soon as possible after the 31st March of each year, the Account Officer shall send to each subscriber a statement of his account in the Fund, showing the opening balance as on the 1st April of the year, the total amount credited or debited during the year, the total amount of interest credited as on the 31st March of the year and the closing balance on that date. The Account Officer shall attach to the statement of account an enquiry whether the subscriber—

(*a*) desires to make any alteration in any nomination made under rule 5;

(*b*) has acquired a family (in cases where the subscriber has made no nomination in favour of a member of his family under sub-rule (2) of rule 5).

(2) Subscribers should satisfy themselves as to the correctness of the annual statement, and errors should be brought to the notice of the Account Officer within six months from the date of receipt of the statement.

(3) The Account Officer shall, if required by a subscriber, once, but not more than once, in a year, inform the subscriber of the total amount standing to his credit in the fund at the end of the last month for which his account has been written up.

Simla, the 16th May 1931.

No. 115-M.I/30.—In exercise of the powers conferred by section 21 of the Indian Merchant Shipping Act, 1923 (XXI of 1923), and in supersession of all previous rules on the subject, the Governor General in Council is pleased to make the following rules for the examination of and grant of certificates of competency to engine-drivers of sea-going steamships having engines of under 50 nominal horse-power and engine-drivers of sea-going motor-ships having engines of under 282 brake horse-power:—

General Rules.

1. **Certificates of competency granted to persons who pass requisite examinations.**—(1) Certificates of competency as engine-driver of sea-going steam and motor-ships will be granted to those persons who pass the examinations to be held by examiners appointed for such purpose and otherwise comply with the requisite conditions.

(2) Such examination shall be held whenever necessary at the Ports of Calcutta, Bombay, Rangoon, Madras and Chittagong for either denomination of certificate and at Karachi and Aden for certificate as engine-drivers of sea-going steam-ships only.

2. **How to apply.**—A candidate for examination must apply on the proper form (Form Ex. 3a) obtainable from the Principal Officer, Mercantile Marine Department at Bombay, Calcutta, Rangoon, Madras, Karachi, Aden and the Nautical Surveyor, Chittagong. The form properly filled in, together with the candidate's certificates of discharge, testimonials, and previous certificates, if any, must be lodged with the Principal Officer and at Chittagong with the Nautical Surveyor not later than three days before the examination is expected to take place.

3. **Testimonials as to character.**—In addition to the usual certificates of discharge, a candidate will be required to produce satisfactory testimonials as to his experience, ability, sobriety and general good conduct, up to the period immediately preceding the date of his application.

4. **Testimonials as to service.**—(1) Testimonials as to workshop service which must be signed by the employer must testify to the candidate's ability and conduct and state the nature of work he was engaged on and the period of such service.

(2) Testimonials regarding service at sea must testify to the candidate's sobriety, experience and ability and general good conduct for the period of such service and must be signed by the Chief Engineer or by the Superintending Engineer, who shall state clearly the periods, if any, during which the applicant was on regular watch and in regular charge of a watch on the main engine and boilers.

5. **Foreign service.**—The testimonials of service of seamen serving in foreign vessels, which cannot be verified in the Shipping Office, must be confirmed either by the Consul of the country to which the ships in which the candidate served belonged or by some other recognised official authority of that country, or by the testimony of some credible person on the spot having personal knowledge of the facts required to be established:

Provided that the mere production of such proofs shall not necessarily be deemed sufficient, each case being decided on its merits, and that if in any case the sufficiency of the proofs given appear to be doubtful, the point shall be referred to the Government of India.

6. **Gaps in service.**—The Examiners shall be particularly careful to ascertain that there are no gaps in the candidate's service which are not properly accounted for, before he is allowed to appear for examination.

7. **Age.**—If any doubt exists as to the age of a candidate, he may be required to produce satisfactory evidence as regards the date of his birth.

8. **Sea service.**—The sea service required by these rules shall be, except where otherwise stated, service performed in regular foreign-going or home-trade ships. Service performed in sea-going dredgers and tugs of the requisite horse-power may be accepted as equivalent to one-half the service performed in foreign-going or home-trade ships. Service performed in vessels which do not proceed to sea cannot be accepted as qualifying service.

9. **Foreigners must know English and Hindustani or Arabic.**—Foreigners must prove to the satisfaction of the Examiners that they can speak English and Hindustani or English and Arabic in the case of candidates appearing for examination at Aden sufficiently well to perform the duties required of them on board a British vessel.

10. **Return of testimonials, etc.**—A candidate's testimonials and other papers will be returned to him when the examination is finished, and if he passes he will receive a form (Form 16) authorising the Principal Officer and at Chittagong the Nautical Surveyor to whom it is addressed to issue the certificate.

11. **Issue of certificates.**—Certificates of competency for engine-drivers of sea-going steam and motor-ships shall be made and issued by the Government of India in the forms hereunto annexed. Each certificate shall be made in duplicate, and one copy shall be delivered to the person entitled to the certificate.

12. **Failure.**—If a candidate fails in his examination he may not present himself for re-examination until he can produce proof of at least six months' further qualifying service at sea, if the past examination showed that he might be expected to qualify in that time.

13. **Fee to be paid.**—(1) A candidate for examination, when making his application on Form Ex. 3A, will be required to pay the examination fee before any action is taken under these rules.

(2) If it appears that his service is not sufficient to entitle him to be examined or that his testimonials are unsatisfactory, he may be allowed to present himself again for examination without paying any further fee, when he has completed the requisite service or is able to produce satisfactory testimonials, as the case may be. Alternatively the fee may be returned to him.

14. **Payment of fee and penalty for offering gratuity.**—(1) Subject to the provisions of rule 13 the fee for each examination under these rules shall be 15 rupees, which must be remitted with the application to the Principal Officer and at Chittagong to the Nautical Surveyor at the time of application.

(2) If a candidate offers a gratuity to any servant of the department he shall be regarded as having committed an act of misconduct, and shall be rejected, and shall not be examined for the next twelve months at any port.

15. **Fee not to be returned on failure.**—If a candidate fails in his examination, no part of the examination fee shall be returned to him.

Inspector of Schools, Dacca Division.

Bengal Survey School (Mainamati Hills).

[P. O. Survey School, district Tippera.]

Admission Rules.

The Bengal Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hills, in the district of Tippera, four miles west of the Comilla railway station, on the Assam-Bengal Railway. The Dacca-Chittagong Trunk Road runs close to the site of the school. It is healthily situated and occupies a picturesque site.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The school, which is ranked as a major institution, is affiliated to the Survey Education Advisory Board, Bengal, for the Survey Final and the Amin Examinations.

4. In addition to the ordinary course, the school trains special students who do not intend to earn their living as Surveyors but wish to receive training in surveying; candidates for appointment as district kanungos or any Government official rank as special students.

5. The total number of admission to the first year course is limited to 50, of whom not more than 10 may be special students; for the second year course not more than 30 shall be admitted in any one year, and not more than 5 of these may be special students.

6. The full course of instruction extends over two years. The session for the first year course, which corresponds to the Amin standard, begins from the 1st August and terminates on the 31st July of the following year. The session for the second year or the Survey Final course, begins from the re-opening day of the school after the Durga Puja holidays or from such date as may be notified by the Principal, not later than 1st November. The second year course also runs for twelve months. No student shall be admitted, or, in case of reinstatement after removal of his name from the school books, be re-admitted after the expiry of one month from the opening of the session, or from the date of removal of his name, as the case may be.

7. Applications for admission to the first year course must be submitted to the Principal on or before the 30th June. Applications for admission to the second year course must be submitted on or before the 30th September or such other date as may be notified by the Principal. Each application, either for admission to first year or to second year, must be accompanied by a registration fee of Rs. 3, which shall in no case be returned. Printed forms for application may be obtained from the office of the Principal.

8. The qualifications for admission to the first year course are:—

(*a*) A sound knowledge of elementary arithmetic.

(*b*) Ability to write simple English and some vernacular.

(*c*) A certificate of character from his last school master.

NOTE:—Preference is given to those who have passed the Matriculation Examination or received higher education.

Application for admission to first year must be accompanied by a medical certificate of fitness for arduous field work, in the approved form signed by a medical officer of rank not below that of a Sub-Assistant Surgeon. All selected candidates are required to undergo, before admission, a medical examination by the medical officer attached to the school.

9. The qualifications for admission to the second year class are:—

(*a*) An Amin certificate granted by the Survey Education Advisory Board.

(*b*) The Matriculation-pass of the Calcutta University or its equivalent.

(*c*) A medical certificate in the same form as for those seeking admission to first year to be granted by the school medical officer.

The fee for Amin Examination is Rs. 15 and for the Survey Final Examination Rs. 25.

The Bengal Survey School is approved for the purposes of Regulation 38 of the Indian Coal Mines Regulations, 1926. In the terms of the said approval the holders of the Survey Final certificates, after they have gained practical experience of surveying the underground workings of a mine for six months only, will be eligible for appearing at any examination for Surveyor's certificates, under the Indian Mines Act, 1923.

11. Ordinarily candidates will not be admitted to the first year class unless they are under 21 years of age on the 1st January of the year in which the course begins. The limit of age for the candidates seeking admission to second year is below 22. The Director of Industries, Bengal, may make exceptions to this rule.

The restriction of age does not apply in the case of special students. But they should have the minimum educational qualification of regular students.

12. The school has no vacation like other educational institutions, but it remains closed on executive holidays granted by Government.

13. The school was established on a residential basis and the students are required to reside in the hostels attached to the school. The students may live with their parents or approved guardians with the special permission of the Principal; but such permission may be withdrawn at any time.

14. Messes are provided for the Hindu students. Muhammadan students make their own messing arrangements. The Hindu mess shall be entirely self-supporting; the monthly charges are fixed by the Principal from time to time. At present the charge is Rs. 11 per month. The full messing fees are charged every month.

The second instalment of messing and all other monthly fees are payable on the 15th of every month or on any other date which may be notified by the Principal. No payment shall be accepted after the due date unless accompanied by a fine of Re. 1 for every three days' delay. If the payment is not made during the month, the defaulting student's name shall be struck off the school books. Such student shall not be re-admitted until he has paid in all arrears together with any fine which may be due from him and a re-admission fee of Rs. 5.

18. Four scholarships to the value of Rs. 10 each per month tenable for twelve months are awarded every year to the First year students on the result of a special examination held shortly after admission.

2. Ordinarily students are not granted leave out of the school for more than ten days during a session.

3. Students are excused from attending the class or the field on medical grounds on the recommendation of the school medical officer. But frequent absence on medical grounds may render a student unfit for the course.

4. Students must provide themselves with drawing instruments, books and all other necessaries within a week of the opening of each session.

5. Breaches of discipline are dealt with according to the rules in force in the Education Department.

6. During work out of doors students should wear shorts and shirts. Wearing sola topee is also recommended.

(4) As between the different grades of landlords, the landlords' share shall be apportioned thus:—

[Cf. B Act III of 1926, s. 9.]

STATEMENT OF OBJECTS AND REASONS.

The question of legislation for the purpose of suppressing opium-smoking in the Presidency of Bengal originated with the suggestions of the Royal Commission on Opium, 1895, but was postponed for various reasons till its revival in consequence of the recommendations of the International Opium Commission which met at Shanghai in 1909. The Great European War, however, prevented further progress in the matter.

2. Subsequently, as a result of the first Opium Conference held at Geneva in 1925, the British Government agreed to bring about the gradual and effective suppression of the manufacture of, internal trade in, and use of prepared opium in those territories within its jurisdiction, in which the practice of opium-smoking exists.

3. The intention of the Local Government in introducing this Bill in its present form is to carry out the obligation of the Government of India under the terms of the First Geneva Opium Convention of 1925 to suppress the smoking of opium as speedily as possible, and with this end in view it has been proposed in this Bill to register persons who are already addicted to opium-smoking in Bengal, and to permit such persons only to indulge in the practice. Any persons other than such registered smokers indulging in the practice will render themselves liable to prosecution and punishment. It is hoped that the strict enforcement of the provisions of the Bill will have the ultimate effect of stamping out this vice with the present generation of addicts.

CALCUTTA, *the 19th June 1931.*

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 19th June 1931.

Monthly Weather and Crop Report of Bengal for May 1931.

I. **Character of the season.**—During the month under review, the rainfall was above the normal throughout the Presidency except only in nine districts where the fall was below the average. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Sowings of jute and autumn paddy were completed in east and parts of north Bengal while the operations were still in progress in west Bengal. Weeding of autumn crops was proceeding briskly in east and north Bengal. Preparation of lands for the transplantation of winter paddy continues.

III. **State of standing crops.**—The condition of standing crops was, on the whole, satisfactory.

IV. **Prospects and probable outturn.**—The prospects of deep water paddy and other standing crops were reported to be generally promising.

V. **Damage to standing crops.**—During the last two weeks of the month, heavy rain and hailstorm were reported to have caused damage in places of Rangpur, Dacca, Faridpur and Noakhali.

VI. **Condition of agricultural stock.**—The condition of live-stock was, on the whole, fair. Stray cases of cattle-disease, however, were reported from nine districts of the Presidency and from the Cooch Bihar and Tripura States.

VII. **Failure of pasturage and fodder.**—The supply of fodder was sufficient throughout the Presidency.

VIII. **Prices of food-grains.**—During the second fortnight of the month, the retail prices of common rice of the cheapest quality rose in five districts, fell in nine and remained stationary in the rest of the Presidency. The prices ranged from 14 seers per rupee in Midnapore to 8¾ seers per rupee in Tippera.

IX. **Condition of agricultural population.**—The condition of the agricultural population is not satisfactory owing to fall in the prices of jute and other staples. Distress continues to prevail in parts of Nadia, Bogra and Pabna where distribution of agricultural loans and test relief works are continuing.
